

ACVBM board meeting 1/12/23

Present: Rob, Pam, Lorrie, Cindy, Barbara, Steve

Regrets: Alexia

Discussion for the night

1. Curriculum CIVT already handles two post graduate degrees give competency can expand. A time to heal is planning on starting a formulation course and a food therapy one
2. Exam: Nancy's spread sheet good guide: When we reach that point: a two day affair: Day 1. general botanical: Chinese/western; day 2 species/ then clinical Last part of the big chunk.
3. Revisit the criteria to set a mentor quality, then a starting point. Use that group to 'credential' other veterinarians.
4. Application for ACVBM mentor: we will discuss criterion Graduate level herbal classes, teaching, publish, case reports,
5. Application to become mentor. Master herbalist credentialing via ACVBM.
6. Could we do the credentialing via a human board.?? Or we do the credentialing like RH(AHG)
7. Give guidance to the educational stream to become a master herbalist. Step up Steve's check off list
8. decided to pursue excellence in the Master Herbalist training, qualifications, and credentialing
9. Then way down the road, exam for those that have not really reached the criterion for mentor and need to set up training and have them do case reports etc.

Next meeting March 23 th: 8 AM EST
